January 11, 1974.

Ron B. Schiller, Esq.,
1951 N.E. 28th Court,
Lighthouse Point, Florida 33064 USA.

Dear Mr. Schiller,

This letter acknowledges receipt of your letter of December 15 last in which you report reception of The Mighty Zed from 6:06pm to 6:14pm on Wednesday, December 12, and we confirm the details in your letter as being consistent with our log for that day. ZBVI is the most powerful station in either The British or US Virgin Islands, operating with a power of 10,000 watts. It's a pleasure for us to learn that we have listeners in Florida. Just a few days before we received your reception report, we received two others - one from Arlington, Virginia and the other from Massey Park, Quebec in Canada.

Thanks for tuning us in - hope you get to join us more often!

Best wishes for The New Year,

Sincerely,

Leopold N. Mills,
Manager.
